ahill@bodmanlaw.com

Amanda Hill represents inventors, entrepreneurs, and businesses at every stage of the patent process to help her clients protect assets.

She has experience preparing, filing, and prosecuting patent applications in fields related to chemical, mechanical, and electrical engineering. She has also prepared patentability, infringement, and invalidity opinions on behalf of her clients. She has particular experience representing manufacturing clients in the automotive and medical device industries in connection with patents for electro-mechanical devices.

Ms. Hill earned several academic honors as an undergraduate and as a law student, including the Dean King Scholarship for academic excellence at Michigan State University College of Law and the President's Scholarship at Wayne State.
