

Employee Benefits and Executive Compensation

navigate the complex

Bodman's Employee Benefits and Executive Compensation practice group leverages the skills of its members to offer an inter-disciplinary approach and proven judgment to anticipate and address client challenges in the realm of compensation and benefits.

Our team works with plan sponsors, administrators and service providers across all industries to achieve their goals in tax qualified plan design and management, executive compensation arrangements, health and welfare arrangements, regulatory compliance, and crisis management, including federal agency investigations and corrective action and litigation.

Drawing from numerous areas of knowledge, our team members are experienced with a wide array of plan design and management issues; complex benefits issues arising out of transactions and restructuring; crisis management, including federal agency investigations and corrective action; and ERISA litigation. We are a team of business advisors and seasoned crisis managers known for delivering superior and cost-effective solutions to our clients.
